

## ABLOY® PLLW340 Electromechanical CLIQ Super Weather Proof Padlock

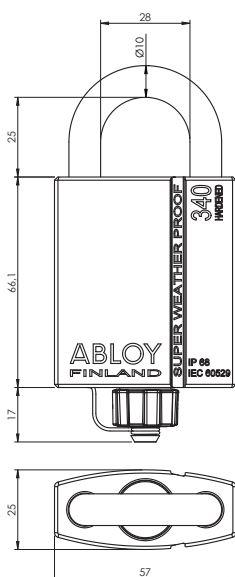

### Product description

Tough, surface hardened steel padlock with electromechanical CLIQ Super Weather Proof Padlock with IP68 protection for all conditions.

Lock is operated with an electronic CLIQ key.  
Key can be removed only in locked position.

### Overview of Advantages

- Durable construction for harsh environment
- Shackle sealed and weather seal cap for keyhole
- Corrosion resistant
- Suitable for objects requiring high-quality protection. Applications include, for example, locking of construction equipment, trailers, warehouses, trucks and roller blinds etc. in wet and dirty environments.

### Technical data

Available key systems	PROTEC CLIQ, PROTEC <sup>2</sup> CLIQ
Body	Case-hardened steel, bright chrome (Cr) plated
Body size	57 x 25 x 66,1 mm (width x thickness x height).
Shackle	10mm case hardened boron steel, heights 25/50mm, bright chrome (Cr) plated
Environmental protection	IP68
Weight	0,62kg (25mm shackle) 0,67kg (50mm shackle)

### Cylinder memory

- 1800 authorized key groups and programming keys together, theoretical maximum 65535 keys in each group
- A list of 3000 denied keys
- Audit trail of last 2000 events
- Audit trail of last 20 events from keys in other systems
