

# ABLOY® LH002WC

## Turning knob for indoors

### Product description

Thumbturn for Scandinavian and Europrofile range for 40mm interior doors. Available also for thicker doors with L-version. The standard version is suitable for interior doors with a thickness of 38–60 mm. Also L-version is available for doors with a thickness of 60–80 mm. This version includes a longer spindle and screws. In both versions the spindle is cut during the installation to match the thickness of the door.
