

Premium institutional handle

ASSA ABLOY

Mare

The Mare handle is among the high-range institutional handles, aimed at public buildings, hotels, auditoriums, etc. Extremely resistant, it has been designed by Ricardo Bofill and Marta Vilallonga's renowned studio. It combines beauty, functionality and solidity.

It meets the legislation currently in force for building fittings UNE - EN 1906 and reaches the highest degree in use, durability and corrosion resistance categories.

Finish ISD, features to highlight:

- » Unaffected by sweating.
- » Unaffected by the attack of solvents.
- » Employed as a protection tool with medical instruments.
- » Highly resistant to corrosion due to the chrome foundation previous to the application of PVD.
- » The external layers are three times stronger than chromium.
- » Resistant to ultraviolet rays. The colour of the finish will not wear off, which is why it's ideal for outdoors.

Fixing system

- » Bolts: patented MARE fixing system. Hidden screws are used in order to prevent handles from being stolen.

PVD finish.

- » Highly resistant finish that gives the handle a metallic look. PVD is the equivalent to a chrome or stainless finish with a metallic brass look.
- » From the PVD we obtain the finishes ISD, LPD and LMD.

Minimum corrosion resistance (ASTM-B117/90):

- » CM, CR, PVD and IS16 finishes: up to 500 hours
- » NS, LP and LM: up to 144 hours.

CERTIFIED TO
UNE-EN
1634-1:2010

Premium institutional handle

Mare

The pack with a round rose includes

» A set of handles, a 8x105 mm expansion spindle, 2 recoil springs, 8 coach screws, 2 M6x9 bolts, an Allen key. It includes instructions.

Finishes: LP, LM, CM, CR, NS, LPD.

Functions

- » Entrance: keyhole at 85, 72 and 70 mm.
- » Privacy: deadbolt at 85, 72 and 70 mm.
- » Passage.

The pack with a long plate includes

» A set of handles, a 8x105 mm expansion spindle, 2 recoil springs, 2 internal supporting pieces, 16 coach screws, 2 M6x9 bolts and an Allen key. It includes instructions and an assembly template.

Finishes: LP, LM, CM, CR, NS, LPD, IS16.
